

‘AN IMPORTANT ANNOUNCEMENT’

For over thirty-five years I have from time to time demonstrated my mediumship to the public by holding so-called Guest Circles. Additionally, I held seances at my twice-yearly Seminars over a period of eighteen years. However, on every single occasion, prior to them happening, I have always (without fail) been concerned hoping that they would not disappoint. Of-course what happens during my seances is entirely out of my hands because everything rests upon my so-called Spirit Team. But perhaps understandably, I have invariably felt stressful particularly when sitters have travelled long distances to attend and this is particularly so when, at considerable expense, people have travelled from other countries so perhaps my concern is understandable.

Now - several months ago, my wife and I caught a horrible virus which in several ways was similar to the flu and both of us coughed continually. When it first started my immediate concern was in respect of my Guest Circles because I knew that if one had been planned over that period, I would have no option but to cancel it. However, thankfully when I consulted my diary, I was extremely relieved to discover that none had in fact been planned but truthfully, I must admit that this entire matter played heavily upon my mind, and it led directly to a very difficult decision.

Following considerable thought – I decided that the time had come when I would no longer hold my Guest Circles and henceforth sit only in my weekly Home Circle which has now been meeting for virtually (50) fifty years. However, in all fairness I knew that I had to firstly consult those members of my Circle who have stood at my side throughout. These were my Circle Leader Raymondo – his wife June & also Carol. Now I can report that all of them instantly agreed that my decision was very understandable.

Of-course the Guest Circles planned for the remainder of this year will go ahead but for a short while I did wonder where I should hold my final public séance. However, shortly afterwards a decision was made. The Craghead Church in the North-East - over the past few years has been so very very special to us and thankfully they immediately agreed to host my final Guest Séance which will be held in the month of December (2025).

And finally, I cannot end this announcement without pointing out that over the many years that I have held the Guest and Seminar Circles I have been extremely lucky in so many ways. Firstly, because I have always been supported throughout by Raymondo, June and Carol all of whom have always had my safety and well-fair uppermost in their minds. Additionally, I have been blessed with wonderful support from friends that I have known for years such as Alf and June Winchester and Eric and Gerald O’Hara to name just two couples. Additionally, I have always known that often people attending a Physical Séance for the first time would experience physical contact with the Spiritual World. Some being blessed by being reunited with their deceased loved ones. And all

having the opportunity to witness first hand communication with my beloved Spiritual Team – White Feather – Walter Stinson – Freda Johnson – Dr. Barnet and finally the ‘star of the show’ little Christopher. (well – that is what he joyfully claims – Ha Ha).

To all the many people who have sat with me over the years I sincerely hope that the experience has proven to be memorable, and I can say no more than that.

FOOTNOTE

I must apologise to all of the people on my Guest Circle waiting list but I sincerely hope that each and every one of them will understand and appreciate my decision.
